EURObanner light

Assembling:

- Remove all of the structure pieces from the packaging
- Insert the round end of the aluminium foot pole into the opening on the side of the foot cylinder
- Attach the plastic end of the foot to the middle of the bottom profile of the graphic panel (see labelling on the foot and profile)
- Assemble the foldable support pole
- Following the labelling on the support pole, insert the pole into the opening at the top of the foot cylinder
- Unfold the graphic panel and attach it to the support pole using the opening in the top profile
- To dismantle follow the above steps in reverse order

Exchanging the graphic panel:

- Loosen the screw inside the left part of the top and bottom profiles of the graphic panel using the imbus key
- Slide the profiles off of the graphic panel while keeping tension in both sides of the panel
- To place a new graphic panel follow the above steps in reverse order

Graphic panels can be cleaned using water and detergent; laminated panels can also be cleaned with an alcohol-based cleaner.

Always roll up the graphic panels with the print on the outside!

packaging

Content::

- 1 Graphic panel including the profiles
- 2 Foot cylinder
- 3 Foldable support pole
- 4 Aluminium foot pole
- 5 Paper tube
